Traumatic Incident Reduction: Research and Results (Paperback)

By -

Loving Healing Press, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book. When accessed with the specific cognitive imagery procedure of TIR, a primary traumatic incident can be stripped of its emotional charge permitting its embedded cognitive components to be revealed and restructured. With its emotional impact depleted and its irrational ideation revised, the memory of a traumatic incident becomes innocuous and thereafter remains permanently incapable of restimulation and intrusion into present time. -- Robert H. Moore, Ph.D. Traumatic Incident Reduction: Research Results provides synopses of several TIR research projects from 1994 to 2004. Each article, in the researcher's own words, provides new insights into the effectiveness of Traumatic Incident Reduction. The three doctoral dissertation level studies that form the core of this book investigate the results of TIR outcomes with crime victims, incarcerated females, and anxiety and panic disorders respectively (Bisbey, Valentine, and Coughlin). Both informal and formal reports of the Active Ingredient study by Charles R. Figley and Joyce Carbonell of Florida State University show how TIR stacks up against other brief treatments for traumatic stress, including Eye Movement Desensitization and Reprocessing (EMDR) et al. A further case study by Teresa Descilo, MSW informs of outcomes from an...
