Do you wish to get more out of life? Have you tried attracting things into your life but nothing seems to work? Do you struggle with thinking positively? This book is designed to help you manifest the life you want. Understand how manifestation works, why it hasn't been working for you and the types of strategies to incorporate into your life to have it working for you! Manifestation is a simple process that has become over-complicated and highly misunderstood. It feels like something out of a fairy tale because we are so caught up in the hustle that we have forgotten that it's not really supposed to be so difficult and yet so unrewarding. We have forgotten that we are not supposed to slave so hard and get so little. We have forgotten that we are supposed to balance our time with our family and to be able to stop and smell the roses and see the world. Our ways of thinking make our reality. It's a negative feedback loop that gets worse the more we are invested in believing a certain way, and conversely, it can also get better and improve when we commit to believing the opposite. **FREE BONUS Inside: 1000 Affirmations eBook!** The FREE bonus eBook contains over 1000 affirmations for your reference.
