Place and Placelessness Revisited (Paperback)

By -

Taylor Francis Inc, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Since its publication in 1976, Ted Relph's Place and Placelessness has been an influential text in thinking about cities and city life across disciplines, including human geography, sociology, architecture, planning, and urban design. For four decades, ideas put forward by this seminal work have continued to spark debates, from the concept of placelessness itself through how it plays out in our societies to how city designers might respond to its challenge in practice. Drawing on evidence from Australian, British, Japanese, and North and South American urban settings, Place and Placelessness Revisited is a collection of cutting edge empirical research and theoretical discussions of contemporary applications and interpretations of place and placelessness. It takes a multi-disciplinary approach, including contributions from across the breadth of disciplines in the built environment - architecture, environmental psychology, geography, landscape architecture, planning, sociology, and urban design - in critically re-visiting placelessness in theory and its relevance for twenty-first century contexts.

Reviews

This pdf may be worth acquiring. It can be written in easy words and phrases and not hard to understand. I am pleased to tell you that this is basically the finest book I have read through during my personal existence and might be the greatest pdf for at any time.

-- **Jeffry Tromp**

Absolutely among the finest pdf I have got possibly read. I am quite late in start reading this one, but better than never. It is extremely difficult to leave it before concluding, once you begin to read the book.
