Reviews

I actually began reading this article book. It is actually filled with wisdom and knowledge I realized this pdf from my i and dad recommended this publication to learn.

(Rhea Toy)

TRANSFORMERS AND PHILOSOPHY: MORE THAN MEETS THE MIND (PAPERBACK)

Open Court Publishing Co ,U.S., United States, 2009. Paperback. Condition: New. Language: English . Brand New Book. Transformers began with toys and a cartoon series in 1984 and has since grown to include comic books, movies, and video games -- its science fiction story has reached an audience with a wide range second only to that of Star Wars. Here, in Transformers and Philosophy, a dream team of philosophers pursues the fascinating questions posed by humankind's encounter with an artificially intelligent mechanical civilization: Is genuine artificial intelligence possible? Would a robotic civilization come with its own morality and artistic life, and would it find a need for romantic love? Should we be more careful about developing robots that may eventually develop ideas of their own? Transformers and Philosophy puts Transformers under a microscope and exposes its philosophical implications in an instantly readable way.
