In each story, we explore a new topic around health and how modern developments can turn into a dystopian society. The anthology includes the stories: Equilibrium A Tiny Health Robot Becomes Sentient and Is Turning Its Masters Life Upside Down Or Is It Just Following its Programming? The Department of Health and Wellbeing releases its newest invention for your health. Your personal health service robot - Equilibrium. And everyone wants to invest in one s health, right? Certainly, Marcus did, and so he bought Equilibrium. Marcus Cheng beheld the little box with curiosity. He adored opening new things. There was nothing like making a knick in the smooth protective plastic of a new product. Opening the box. Taking out the glossy instruction manual. Reading it thoroughly before removing the device from its packaging and turning it on for the first time. Feeling it become a part of his life. He d been one of the first lining up when the store opened, and he d paid in full. Anything with the kind of reviews that this had received so early on by tech testers was worth investing in. Please Comply Remember citizens, sticking to the Norm isn t just good for you, its good for the country As a citizen, you got your health implant early in life. Measuring your health is good for you and the country. Stick to the norm and all will be fine. If you deviate . punishment is awaiting...
