Reviews

This is the very best publication we have read through right up until now. It is one of the most incredible book we have read through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.What are the origins of mankind? Does anyone really know? There is more than just compelling evidence. There is proof that we are the product of genetic engineering. We were made in the likeness of another being. Some call it God and some call it a manipulation of evolution. This is an examination of our origins and why we know that mankind was created, but how? Is it my divine creation, or was it a matter of strongly and deliberately guided evolution? There may be no Missing link. Read the compelling evidence that we were created to serve and how we failed to obey our creators. This may be more about the origins of religion than the origin of mankind.
