AuthorHouse. Paperback. Condition: New. 168 pages. Dimensions: 8.0in. x 5.0in. x 0.4in. In August of 1995, a tailing pond containing mining effluent belonging to the Wadpole Corporation, an Omai mining company, broke. Several billion liters of cyanide-laced slurry was emptied into the Essequibo River and its tributaries. The Omai River became devoid of life. The region was locked in an ecological holocaust. People died. Flora and fauna ceased to exist. Guyana was under the microscopes of international organizations like WHO, US EPA and Interpol when indigenous groups sought their help. Then one day, Frank Wilder, an Interpol agent came to Georgetown. His mission--find the Omai Files. Little did he know that his journey to Georgetown would cause him to cross paths with Alma Rampersaud, an Indo-Guyanese woman and secretary to the Minister of Health. The two became molded together by their demons, their vision and their erotic power over each other. From Lamaha Gardens to the lavish estates of Prashad Nagar, they forged a conspiracy to find the Omai Files and expose a political culture that flourished in Guyana for decades. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
