Red Herald Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. All Charlie Tootle wants is an ordinary life, but it's hard when you live in a cottage shaped like a sailing ship with a family full of oddballs. Then a mysterious potion arrives in the mailbox and her life gets even stranger. Now Charlie and her siblings can see the fairies that share our world. Sure, it's great when a hobgoblin cleans your room, and not so great when a sockmunch eats half your socks, but missing socks are the least of her problems. Charlie's been hand-picked by the good fairies to stop the ruler of the evil fairies from replacing England's babies with changelings, and time is running out. With only a pint-sized pixie to guide them, Charlie and her siblings are swept into a fantastical realm of cunning fairies and mythical creatures. Can Charlie and her nerdy older brother Edward work together to destroy the changeling field before it's too late, or will they fall into the clutches of Lord Stirlock and his beastly creatures? What early readers are saying: Imaginative, funny, and full of heart, Charlie Tootle Versus the Changelings is an action-packed adventure full of magic, antics and kooky characters. Page turning fun for all ages - just try not to race ahead once the kids have gone to bed. --A totally biased friend of the author with children.
