

Monster truck

Filesize: 6.5 MB

Reviews

It is great and fantastic. Better then never, though i am quite late in start reading this one. Its been written in an extremely simple way and is particularly only right after i finished reading this ebook where actually changed me, affect the way i really believe.

Alphascript Publishing Jan 2010, 2010. Taschenbuch. Condition: Neu. Neuware - A monster truck is an automobile, typically styled after pickup trucks, modified or purposely built with extremely large wheels and suspension. They are used for competition and popular Sports Entertainment and in some cases they are featured alongside Motocross races, mud bogging, tractor pulls and car-eating robots. They are most popular in the United States. Usually, a monster truck show involves the truck crushing smaller vehicles beneath its huge tires. These trucks can run up and over most man-made barriers, so they are equipped with remote shut-off switches, called the Remote Ignition Interruptor (RII), to help prevent an accident if the driver loses control at any time. At some events, only one truck is on the course at a time, while most feature two drivers racing each other on symmetrical tracks, with the losing driver eliminated in single-elimination tournament fashion. 68 pp. Englisch.
