Reviews

An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

(Melody Jakubowski)

Condition: New. Publisher/Verlag: Editorial Académica Española | Análisis Situacional de la Red | Los Servicios de Salud deben gestionarse procurando mayor eficiencia, eficacia, efectividad e impacto posible a la población. El Sistema Público de Salud de Panamá lo integra el Ministerio de Salud y la Caja de Seguro Social que cuentan con una Red de Servicios de Salud con presencia paralela, lo que conlleva duplicidad de servicios. En este estudio se realiza un análisis situacional de la red de Servicios de Salud en Panamá, tomando en cuenta el diagnóstico de salud de la población panameña, la evolución de la seguridad social, el incremento de la demanda de servicios, así como las limitantes de la oferta. Todo esto implica la necesidad de una reorganización de la Red de Servicios de Salud que le haga frente a los retos del Sistema de satisfacer las necesidades y expectativas de la población. Es importante para los Gerentes y Planificadores de Salud reflexionar que la transformación de sistema debe ser un proceso gradual de planificación y coordinación integral entre los sectores involucrados para fortalecer y mejorar el acceso a los servicios de salud. | Format: Paperback | Language/Sprache: spa | 76 pp.
