Excerpt: . . . National Survey on Mediation in Bankruptcy Survey Design The Questionnaire Federal Judicial Center staff developed a questionnaire to determine the extent and severity of problems regarding mediation conducted after judicial referral. Appendix 1 shows the questionnaire. It consists predominately of questions relating to issues identified by the committee to assist the committee in determining whether to consider rule changes regarding conflicts of interest, ex parte contacts, confidentiality, and payments to neutrals by the bankruptcy estate. On July 10, 1997, we mailed the questionnaire to a sample of counsel and mediators who participated in the mediation of one or more bankruptcy matters after judicial referral pursuant to programs or procedures of a bankruptcy court during the three-year period before May 1997. See Appendix 2 for a description of the sample and methods. For this first mailing, the due date for questionnaire responses was July 31, 1997. Because of mailing list problems, there were subsequent mailings of about 150 additional questionnaires and they had due dates in the late summer of 1997. As of November 15, 1997, the Center received 1,272 responses to the 1,992 questionnaires sent, a 63.9 response rate. Table 2 shows the number of people who were sent the questionnaire and the number who responded. The response rate by district is shown in Table 3.
