Trying desperately to hold on to their new planets and keep the aliens at bay, they discover the aliens are learning faster than the humans! Tricks won't work as easily as before. But, Hope and Terra are more secure, the Dinae Fleet stronger, so things have settled, as much as they can in space. Leala has gone planetside for family and government, and Krista is pushing for the vacated Captain's chair. She's been on the bridge, an officer for years, now, and like most invincible twenty-somethings, she thinks she has seen it all.
