Kregel Publications,U.S., United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Help your tweens and teens practice for life s tough issues From dating to drugs, modesty to purity, morals to popularity, teens face all sorts of tough issues. How teens respond to these hot-button issues can have lasting effects on who they want to be and who they actually become. What if parents can help their teens prepare for these hot buttons--before the issues become a problem? The uniquely packaged Hot Buttons Series is an accessible, quick-reference resource that parents can use to equip their children to make the right decisions, even in the face of peer pressure and outside influences. More than just another how-to manual, Hot Button Internet Edition offers practical real-life situations that parents can read and discuss with their preteens. Topics discussed include: internet activity, file sharing, social networking, and internet predators. Author, mom, and broadcaster, Nicole O Dell provides short scenarios followed by three or four responses that a teen might choose in that particular situation. Parents are then encouraged to help their children explore the issue, ask questions, and discuss the options, so when a similar situation comes up in real life, the teens are already prepared to respond.
