By L Regan O Carroll

L. Regan O Carroll, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.White extinction is eminent. Those with uniquely European heritage will vanish from the earth. Whites have been conditioned to believe that only whites are racist. White guilt has caused whites to deny their heritage, culture and very identity. This conditioning is universal encompassing white nations around the globe. As a result, whites are self-destructing with anti-white policies such as affirmative action, universal welfare, integration and liberal non-white immigration into traditionally white homelands. Whites built society with innovation, hard work and determination. Whites shared their technology globally for a better world. Whites feed the world, heal diseases, respond to disasters. Yet because whites refuse to love their heritage, they are now an endangered species. Soon there will be no more whites and the world will lose a vibrant, hard-working and valuable people. White extinction. Not today, not tomorrow, but soon. . .very soon.
