Reviews

This pdf is worth buying. It is actually written in basic words and not confusing. It has been printed in a remarkably basic way in fact it is merely following. I finished reading this publication through which really altered me, affected the way I really believe.

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The External Conditions of the Prosperity of Our Colleges: An Inaugural Address, Delivered July 30th, 1846 To such attacks upon American character it may not be essential that we furnish a written reply. It is essential to our own well being, essential to the progress of free principles, essential to the fulfilment of the hopes of the friends of liberty throughout the globe, that we live the slander down. The orb of human freedom has been too long in rising to be thrust down again by American hands. Longing eyes watched for its appearing during a weary night of centuries. At length the gray twilight is seen; next the morning blushes; then the clouds kindle and burn before the brightness of its coming. Behold in these progressive stages of illumination, the progress of liberty in the thirteenth, the sixteenth, and seventeenth centuries; in the Magna Charta of Runnemede, the Reformation of Luther, and that series of events, political and religious, which found their consummation in the Revolution of 1688. One century more; and the broad disc reveals its full orb'd glory above the summit of the mountains. That orb is the sun, not of American Independence merely; it is the sun of constitutional liberty, of religious toleration, of popular intelligence, of emancipated mind. Seventy years have elapsed since it passed within the circle of vision to the people of this country; it now begins to pour its splendors upon the opening eyelids of awakened and universal man. No power on earth can eclipse its brightness but the fatuity of the very people whom its beams first blessed. About the Publisher Forgotten Books publishes hundreds of thousands of rare...
