UTOPIA: RELIGION OF HIGH PRIESTS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It is said that if you give a man a fish, you feed him for a day, but if you teach him how to fish, you feed him for a lifetime. This is incomplete. In order for a man to feed himself for a lifetime it requires the obtaining of fishing equipment and most importantly a body of water with plenty of good healthy fish. It is not enough for a religion to exist and it is not enough for a religion to teach people what they must do. A religion is also responsible for providing an economic system. This requires an Administration that deals with both spiritual matters, but secular as well. Anciently such an organization was called the Priesthood. A regular priesthood handles the secular concerns. It is a High Priesthood that handles primarily the Spiritual matters and oversees the secular. This book starts off the organization with the position of High Priests of the High Priesthood. High Priests have the responsibility of Presiding over the religion or Church, as an organized religion. Complex Centers are my vision for a Utopian Society. The World Complex Center would be the main Utopian City, with sub-Utopian cities all the way down to the Branch Complex Center, which would be too small to be considered a city. An Administration is needed at every Complex Center.
