Ham approaches the Nagual Lujan Matus for insight into enigmatic events that have marked his awareness, what he learns revolutionizes everything he thought he knew. Realizing that he has found an authentic guide, Bill enters into a intensive apprenticeship and directly begins to experience the multiplex of luminous interactivity that is our living matrix as never before. Like countless others, Bill had been galvanized when concepts like the energy double , dreaming awareness , and first and second attention , were introduced in the 1960s. Exploring these fascinating propositions in his own waking and dreaming life, he is faced with discoveries and challenges utterly unaccounted for by conventional definitions of reality. Bill begins faithfully documenting his exchanges with Lujan, and the result is a most extraordinary manual on the crucial yet little understood subject of reclaiming our dimensional sovereignty. A friendly flow of dialogue belies the gravity of this material, as Lujan deftly elucidates the very fabric of existence with humble yet unequivocal authority. These are no second-hand sorcery tales but genuine revelations from a seer bound by his inevitability to communicate what he knows. Describing the innermost workings of the holographic universe with rare precision, these teachings decode riddles of perception that have long been surrounded with confusion, providing a luminous bridge to our interdimensional potential as human beings. The sometimes-alarming nature of what Lujan reveals is tempered by the multifaceted affirmation that the key to finding freedom lies in truly applying ourselves to the moment that continually escapes us, guided only by that most precious instrument of divination, our heart.
