Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As of the writing of this book there are 23 States and Washington DC that have decriminalized the use of marijuana to some degree. This book attempts to bridge the gap and reach a better understanding of marijuana and its beneficial uses, medically or otherwise. Eric Odita dismantles the stereotypes that have plagued this natural substance and he feels that in the near future we will see its availability and legalization increase. He dives into new technologies such as the electronic cigarette; discovering that this new development is perfect for the use of marijuana. A lot of medical marijuana patients who need to smoke find that they are able to do so without needing to breathe harmful smoke into their lungs. Further, he discovers that there are even more benefits that may be found for the common user. His hope is that the reader finds this book not only informative, but also enlightening about the benefits of liquid marijuana, the newest and best form of the drug.
