

A Short Course in Photography: Digital, Books a la Carte Edition

By Jim Stone, Barbara London

Pearson, 2014. Loose-leaf. Condition: New. 3rd ed.. Language: English . Brand New Book. Demonstrates basic techniques in digital photography Modeled after the widely used A Short Course in Photography: Film and Darkroom, the third edition of A Short Course in Photography: Digital presents photography entirely in its current, electronic form. This brief title demonstrates greater emphasis on the most up-to-date learning techniques, allowing students to keep up with modern technology. A Short Course in Photography: Digital teaches readers to emphasize their choices in picture making by presenting in depth basic techniques of photography. In addition to covering the basic techniques of photography, this title covers the impact of computers on this important art form. MyArtsLab is an integral part of the London / Stone program. Engaging activities and assessment are part of a teaching and learning system that helps students gain a broader understanding of photography. With MyArtsLab, students can explore in-depth analyses of relevant artwork, architecture, artistic techniques, and more. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson s MyLab Mastering products exist for each title, including customized versions for individual schools,...
