Those policy changes include boys in the girls locker rooms and boys on girls athletic teams due to a walk into the guidance office and a declaration of the new gender. Human dignity and suicide is often cited as a defense of such policies using Title IX as the legal impetus behind it. Yet the same officials hell-bent on creating this brave new world in high school athletics and life has not considered the cost to young women. What if that same policy meant to make a few feel better ends up destroying girls athletics? Using track statistics from a five year period the book points out what should be obvious.boys have a general advantage over girls in areas of speed, jumping, and physical strength. Should a girl lose a school record, a sectional patch, a trip to states.or even get cut from the team due to a boy playing as a girl? Why is letting a boy play as a girl any different from a girl using drugs to enhance her performance? This book will explore these questions.
