INTRACRANIAL PRESSURE VIII

Condition: New. Publisher/Verlag: Springer, Berlin | Proceedings of the 8th International Symposium on Intracranial Pressure, Held in Rotterdam, The Netherlands, June 16-20, 1991 | With contributions by numerous experts | The pioneering work by Pierre Janry and Nils Lundberg added a new tool to the investigative armamentarium of the neurosurgeon: continuous monitoring of intracranial pressure (ICP). A small group of basic and clinical scientists recognized the importance of this method and in 1972 an International Symposium was organized...

Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who statte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).
