Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Suicide exacts an enormous toll from the American people. Our Nation loses 30,000 lives to this tragedy each year, another 650,000 receive emergency care after attempting to take their own lives. The devastating trauma, loss, and suffering is multiplied in the lives of family members and friends. This document, National Strategy for Suicide Prevention - Goals and Objectives for Action, lays the foundation of our Nation s strategy to confront this serious public health problem. At this document s source are countless dedicated individuals representing every facet of our Nation s communities. They include representatives to a 1993 United Nations/World Health Organization Conference who played key roles in establishing guidelines for national suicide prevention strategies. They include the passionate grassroots activists whose work stimulated Congressional Resolutions declaring suicide prevention a national priority and calling for our own national strategy. They include dedicated public servants and private individuals who jointly organized and participated in the first National Suicide Prevention Conference in 1998 to consolidate a scientific base for this critical endeavor. These people and their efforts led directly to publication of the Surgeon General s Call to Action to Prevent Suicide - 1999 with its most important recommendation, the completion of the National Strategy for Suicide Prevention. After listening to the concerns of the American people, Government leaders helped bring stakeholders together in a shining example of public-private collaboration to achieve this major milestone in public health. Those who have invested their hearts and minds in this effort believe it effectively points the way for organizations and individuals to curtail the tragedy of suicide and suicidal behavior. Though it does not specify all the details, it provides essential guidance and suggests the fundamental...
