Reviews

It is fantastic and great. This is for those who statte there was not a worth looking at. Its been written in an exceptionally easy way which is only soon after i finished reading this ebook through which in fact changed me, change the way i really believe.
(Barry O'Reilly)

PAGINAS WEB DINAMICAS CON DREAMWEAVER, PHP Y MYSQL (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: Spanish . Brand New Book ***** Print on Demand *****.En este libro se trata la creacion de aplicaciones Web dinamicas basadas en PHP utilizando como herramienta visual Dreamweaver CS 6. Dreamweaver CS 6 genera el codigo PHP relativo a las aplicaciones Web que se elaboran. Esta generacion de codigo es automatica a medida que se va utilizando Dreamweaver para la creacion de las aplicaciones. De esta forma, es posible crear paginas maestro/detalle, formularios de insercion de registros, formularios de actualizacion de registros, barras de navegacion por juegos de registros, contadores de registros, paginas que restrinjan el acceso al sitio, paginas que permitan a los nuevos usuarios registrarse en el sitio y paginas que requieran el establecimiento de una conexion a los usuarios ya registrados en anteriores visitas. Y todo ello puede realizarse sin necesidad de conocer el codigo de programacion de PHP. El propio Dreamweaver se encarga de su generacion automatica. La creacion de aplicaciones dinamicas requiere ademas de un servidor de aplicaciones, la conexion de este a bases de datos que sirven de deposito para la informacion. A traves del lenguaje SQL, el usuario puede acceder a la informacion almacenada en la base de datos relacional generando los juegos de registros necesarios para extraer de la base de datos la informacion que se requiera en cada momento. SQL es una herramienta clave para la creacion de sitios Web dinamicos. La finalidad del libro es tratar de la forma mas clara posible las tareas citadas en los parrafos precedentes. En cuanto a la metodologia, se comienza explicando de modo sencillo los contenidos acompanandolos siempre de imagenes que hacen mas comprensible el texto. Al final de cada capitulo se presenta un conjunto de ejercicios seleccionados para afianzar el aprendizaje de...
