The day she had agreed to give the two of them a chance as a couple, she had made him a very happy young man. But that had no sooner happened, when a stranger had swept into town and stolen her right out from under him. Fifteen years later, after her marriage had failed, Claire came back home to take care of her ailing mother, hell bent on getting revenge on the man who had caused her so much heartache. From the moment that she sets eyes on the sexy man working her mother's horses, Claire can't think past her intense desire for him. After giving herself to him, she figures out that it's Scott, and is filled with remorse for how she had treated him years before. After holding the woman of his dreams in his arms, Scott is more determined than ever to make her his. Forever. If only he could find a way to get her mind off of revenge, and on to romance. Now that he knows that she wants him just as much as he wants her, he's not about to let her go again. Not without a fight.
