Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

Createspace, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Enneagram provides an amazing framework for understanding human behavior. Revealing both the positive and negative traits of each personality type it provides us with a path for growth (integration) and a path to avoid (disintegration). Though an ancient system it is consistent with the findings of modern psychology. The Enneagram s many remarkable aspects become even more evident when compared with the typologies of Karen Horney, Sigmund Freud, Carl Jung and the psychiatric personality disorders defined in the Diagnostic and Statistical Manual of Mental Disorders. This book includes sections for counseling each personality type, making it an excellent resource for pastors, counselors, therapists, psychologists and anyone who helps others. The Create, Connect, Commit philosophy of change is also included. CCC teaches people how to change and personality typing is at the heart of it. The Enneagram provides the framework for the self discovery that allows us to make permanent, dynamic changes in our lives. Written from a Christian perspective, this book helps Christians to live their lives as New Creations. When at their healthy psychological levels, each type is most in tune with their own spirituality. This book will change your life forever, creating both personal and spiritual growth.
