21st Century Sims: Innovation, Education, and Leadership for the Modern Era

By Revd Benjamin Armstrong

Naval Institute Press, United States, 2015. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. For more than two decades at the beginning of the 20th century William S. Sims was at the forefront of naval affairs. From the revolution in naval gunnery that he led as a junior officer, to his advocacy for the Dreadnaught style all-big-gun battleship, to his development of torpedo boat and destroyer operations, he was a central figure in helping to prepare the U.S. Navy for World War I. During the war he served as the senior naval commander in Europe and was instrumental in the establishment of the convoy system that won the Battle of the Atlantic. Following the war his leadership as President of the Naval War College established the foundations of the creative and innovative Navy that would develop the operating concepts for submarines and aircraft carriers which would lead to success in World War II. Despite his dramatic impact on the U.S. Navy in the first half of the 20th century, Sims is a relatively unknown figure to day. Overshadowed in our memory by the World War II generation of strategic Admirals, like Chester Nimitz and Raymond...
