FAMILY HEALTH SOCIAL WORK PRACTICE: A KNOWLEDGE AND SKILLS CASEBOOK (HARDBACK)

Taylor Francis Inc, United States, 2003. Hardback. Condition: New. Language: English . Brand New Book. A fundamental handbook to the family health model! Family Health Social Work Practice: A Knowledge and Skills Casebook is a comprehensive guide to an emerging practice paradigm in the social work field. Edited by pioneers of the family health approach (who also contribute several chapters each), this book introduces the theoretical model and skills of the practice, including a framework for developing a family health intervention plan, illustrated by case scenarios. Issues vital to any family health intervention are addressed in 10 case studies that further explain the application of the practice model. Family Health Social Work Practice stresses a holistic orientation to assessment and intervention from a health perspective that includes the physical, mental, emotional, social, economic, cultural, and spiritual dimensions of family life. With its focus on practice theories, practical information, and evaluation strategies, the book provides a strong foundation for skills development in the family health model. A collection of articles from the leading practitioners and academics in the field gives a thorough and thoughtful examination to issues ranging from domestic violence to substance abuse to the Americans with Disabilities Act. Family Health Social Work Practice also reviews the philosophy behind the family health approach, summarizes its effectiveness, and examines other critical concerns, such as: * child maltreatment * mental health * spiritual diversity * aging * agency management One of the few casebooks to present practical intervention plans with accompanying case scenarios, Family Health Social Work Practice is an essential resource for students and professionals in the social work and human services disciplines, and an unrivaled reference for libraries. Helpful tables and figures make the information easy to access and understand.
