Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The idea of this book is to convey to you a complete system to take down the high stakes No Limit Hold em tables for consistent profits. Before I begin on this journey with you I will ask you to forget everything you know about this game. I know it will be hard to do, because you will probably have played hundreds of thousands to millions of poker hands. I believe you yourself have noted that even after knowing everything what poker books have taught you and even after applying GTO strategies you are not getting the profits you deserve. As I mentioned consistency is extremely important in this trade, you don t want to have streaks of winnings in which you go over the high tide, but then suffer losing downswings which last long. I will also explain why downswings are so bad and what can you do to stop these downswings. When I thought I had become perfect in live play, in GTO, I straight away went to Macau to play the 25/50 stakes but I came back broken by sick bad beats and downswing that wouldn t stop. It made my resolve stronger to develop a system that will allow me to consistently beat the game. To do so I had to throw out of my brain everything that I had learnt till that point of time. I perfected this system out of unique innovative ideas that allowed me to make a killing at the 25/50 games and grow my bankroll to enable me to take shots at the higher stakes. This information is not available in any existing book and is not a copy paste...
