Institutional Economics Theory, Method, Policy Recent Economic Thought

By -

Springer. Hardcover. Condition: New. 360 pages. Dimensions: 9.3in. x 6.4in. x 1.1in. The volume appraises, refines, and extends the institutionalists evolutionary theory of political economy in six different areas of inquiry: (a) the provision of a fresh and comparative overview of institutional economics in general; (b) the presentation and refinement of pragmatic methods of inquiry; (c) the exploration of extensions and clarifications of instrumental value theory; (d) the distillation of an emergent institutionalist theory of labor markets; (e) the explication of a culture-based theory of economic development; and (f) the formulation of an analytical design that provides direction for institutional policy making. Institutional Economics: Theory, Method, Policy appears at an especially opportune time, when there is widespread and accumulating analytical dissatisfaction with received economic doctrine. The traditional neoclassical and Marxist views of how to explain, order, and operate a political economy are now in question throughout the world. Appeals are being made for more relevant and pragmatic, less doctrinaire and dogmatic, approaches to economic inquiry and problem solving. This volume provides fresh theoretical underpinnings for such problem solving efforts. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.

Reviews

I just started off reading this article publication. It is definitely simplistic but surprises in the 50 percent of your ebook. You are going to like how the author create this publication.

-- **Clint Labadie**

A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. Its been designed in an extremely basic way which is merely right after i finished reading through this publication where basically altered me, change the way i believe.
