Brand New Book ***** Print on Demand *****.Here s a bit of wisdom on which left and right can easily agree: If you let things go, you ll have to pay for it eventually; and the longer you don t deal with it, the more you ll have to pay. Wait long enough, and you ll pay dearly-when you could have done the right thing all along and at little cost. Take the planet, for example. As every reasonable person and/or group will now admit, this Earth had been gradually heating up since heavy industry began to blacken and enrich the West not long after our founding revolution; and now that trend, for years denied, has started to accelerate, with ever-larger chunks of polar permafrost dissolving into sea, polar bears and penguins vanishing, floodwaters rising everywhere, and the weather going mad. Although for decades the danger was strenuously veiled by lots of corporate and religious propaganda .To grasp that change, in short, would be to comprehend our entire history; but certainly one major reason for the breakdown is the great blackout on our...
