Ig Publishing, 2016. Paperback. Condition: New. Language: English . Brand New Book. October is an ordinary girl. From her plain looks to her average grades, there seems to be nothing special about her. Then, three days before her eighteenth birthday, she develops a strange itch that won't go away, and her life is turned upside down. Suddenly, she can hear dogs talk, make crows fly, and two new and very handsome boys at school are vying for her affections. After she starts transplanting herself through solid rock, October learns that she is not ordinary at all, but the daughter of a troll princess and a fairy prince, and a pawn in a deadly war between the trolls and the fairies. Now October will have to use all of her growing powers to save her family, and stop a mysterious evil that threatens to destroy the fairy world. In the fantastical vein of authors such as Julie Kagawa and Holly Black, Extraordinary October takes us on a magical journey from the streets of Los Angeles to the beautiful and mythical underground fairy kingdom.
