ECLIPSE IDE POCKET GUIDE

[DOWNLOAD](#)

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, Eclipse IDE Pocket Guide, Ed Burnette, Eclipse is the world's most popular IDE for Java development. And although there are plenty of large tomes that cover all the nooks and crannies of Eclipse, what you really need is a quick, handy guide to the features that are used over and over again in Java programming. You need answers to basic questions such as: Where was that menu? What does that command do again? And how can I set my class-path on a per-project basis? This practical pocket guide gets you up to speed quickly with Eclipse. It covers basic concepts, including Views and editors, as well as features that are not commonly understood, such as Perspectives and Launch Configurations. You'll learn how to write and debug your Java code-and how to integrate that code with tools such as Ant and JUnit. You'll also get a toolbox full of tips and tricks to handle common and sometimes unexpected-tasks that you'll run across in your Java development cycle. Additionally, the "Eclipse IDE Pocket Guide" has a thorough appendix detailing all of Eclipse's important views, menus, and commands. The "Eclipse IDE Pocket Guide" is just the resource you need for using Eclipse, whether it's on a daily, weekly, or monthly basis. Put it in your back pocket, or just throw it in your backpack. With this guide in hand, you're ready to tackle the Eclipse programming environment.
