Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Why not search for ghosts? Maggie Bench suggests, almost as a joke. First year students at King s College were given the task of creating a campus society. With its rich historical background, Nova Scotia has its share of haunted sites. Surely the assignment will be a breeze. No one expects to find anything - it s not like ghosts are real, right? The Spirit Seeker Society is born, as five students band together in a quest that will alter their lives. They ll learn that the dearly departed don t always stay buried. That corpses have horrifying secrets. And, that danger doesn t always come from the dead. Sometimes, it s the living who are the most terrifying of all. The Spirit Seeker Society is a scary, tightly-woven tale that blends fiction with reality and brings historical events into the present. If you don t believe in ghosts, think again.
