Filesize: 1.64 MB

Reviews

Complete guideline for publication fanatics. It is actually writter in straightforward words rather than confusing. I am effortlessly could get a pleasure of looking at a written book.
(Kirstin Schuppe)

A CHARGE NURSE S GUIDE: NAVIGATING THE PATH OF LEADERSHIP SECOND EDITION (PAPERBACK)

Center for Leader Development PR, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book. This brief but important book is designed to augment your leadership education and experience. It is also designed for a busy clinician who does not have the time or energy to wade through hundreds of pages of text. Now in it s second edition, this book can be read quickly in one two-hour sitting or as you have 10-15 minutes here and there. In conceiving this book, our goal was to develop a simple but comprehensive guide that is focused on the most crucial information you need to lead effectively in your role as charge nurse. As a result, we have focused on topics such as leadership, stakeholders/resources, self-awareness, patient safety, delegation, leading through conflict, navifating change and mentoring. We hve devoted separate chapters to patient satisfaction and patient safety. These are over-arching concepts that require the implementation of all leadership skills. Each chapter is divided into two primary sections: Personal Lessons and Resources References. The Personal Lessons section may contain: our thoughts on the topic, reflections, things to remember and case studies. The Resources References section may include: short articles by other authors, key terms/acronyms, additional resources and references.
