Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Conscious Control in Piano Study WE live in an altruistic age. In the professional world it is not enough that we work to raise our own standards; it is incumbent on artists and teachers alike to influence all toward highest ideals and, if we are truly devoted to our work, we shall generously share our experiences with the young teacher and embryo artist. No talent is so great that it needs not the support of reason and knowledge; it is indispensable that man have, as supports to talent, knowledge and theories drawn from all possible sources. There never has been and never will be any question as to the essentials for the acquirement of musicianship; it is also true that the qualities necessary in the making of a student will be the same to the end of time. It is on the point of presentation of material, and the manner of acquainting a pupil with the conscious part he may take in his making, rather than the object to be attained and the qualities necessary, that different theories in this field have their origin. In acquiring knowledge of the subject and proficiency in technique, the importance of conscious and purposeful exercise of his faculties should be made known to the pupil clearly and definitely, through proper direction, and not left to be learned through a long course of experience. The necessity for concentration, too, is often overlooked, though this is the element yielding conscious control. It should be fully appreciated that the ability to concentrate varies greatly in individuals, and its development is worthy the best efforts of the teacher. Concentration is the product of attention, and requires that we have...
