

The Railway Review, Vol. 36: May 23, 1896 (Classic Reprint) (Paperback)

By Unknown Author

FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Railway Review, Vol. 36: May 23, 1896 All the present water and gas pipes and electrical conduits must be cared for and maintained during the operation, and either carried on the bridges or depressed beneath the subway, and railroads connections must be kept up with the various industrial establishments, and with temporary freight yards of the railroad company. The design of the large hydraulic lift and the ventilation of the tunnel, are also worthy of special mention. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
