

Wall Street Versus Main Street: Understanding Why the System Is Broken (Paperback)

Filesize: 1.62 MB

Reviews

The very best pdf i possibly study. It generally will not expense excessive. You wont really feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).
(Prof. Owen Sporer)

WALL STREET VERSUS MAIN STREET: UNDERSTANDING WHY THE SYSTEM IS BROKEN (PAPERBACK)

Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Wall Street Versus Main Street is what the Occupy Movement is all about. This book describes in clear and compelling terms how the system favors the 1 at the expense of the 99 . It s written with the insider s knowledge of a former banker, the reportorial skills of a former Fortune Magazine reporter and the passion of someone who came to clearly understand the economic injustice of the system. Ince pulls no punches in the process. He knows that bankers have a balancing act to play because the money they create is supposed to serve both public and private purposes. But bankers don t balance their responsibility, opting for excess because they know that if they get in trouble, Uncle Sam will bail them out. In effect bankers privatize gains and socialize losses, pocketing obscene bonuses in the process. Today, dire economic circumstances are pushing us into uncharted territory. Our moment of reckoning is rapidly advancing. The current system concentrates economic power in the hands of private, profit making institutions whose primary fiduciary responsibility is to provide a financial return to shareholders. That fiduciary responsibility trumps any other consideration, including the interests and needs of the larger society. Capitalism now is in the midst of an identity crisis. There is a profound shift taking place in public consciousness and we are just now beginning to understand its implications. Today this identity crisis is playing itself out on the world stage. Our world finds itself on the brink of an unprecedented crises of an epic proportions, from the sovereign debt crisis in Europe, to Congress inability to tackle U. S. debt issues, to student loan indebtedness to the mortgage mess. Many times...
