Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.WRITE ON! The 3 s of Plotting The purpose of this workbook is to give you a quick start on plotting your story. Before you throw up your hands and say, I don t believe in anything that sounds like an outline, just stop and think for a minute. Why not make your job easier? The plotting advice in this workbook is designed to help you streamline your writing. It s advice you can try, adapt or even ignore. It won t write your book. It won t control your voice. It won t spell out every detail. Like consulting a road map, it will help you to know where and when to turn, what roads to take and to know where you re headed. A plot plan is like a GPS on a cross country road trip. It guides you in the right direction. It doesn t dictate where you ll stop to eat, who you ll run into on the way or who will end up tailgating you. I promise, with a little pre-planning you can write easier and write smarter. Which means you ll finish your manuscript sooner rather than later.
