Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from New York at Gettysburg The following chronicle of events at the battle of Gettysburg is inserted here as introductory to the main body of the report. Something of the kind seemed necessary in recounting the services of the New York troops on that historic field, to show not only their participation in the fighting, but, also, the relation which their action bore to other and more general events as to time, order, and place. The movements of each New York regiment and battery during the battle are fully described elsewhere in the historical sketches and addresses published in this report; but the bearing which their action had on other movements can be explained only in some connected narrative reciting the entire story of the battle, and in which the services of each command is told in its due connection. Another history of Gettysburg may seem superfluous and presumptions. But there were New York regiments and batteries in every corps, in every division except one, and in forty-six brigades of the Union army. They fought and fell on every portion of the field. Any fair statement of their participation in the general action involves a story of the entire battle. At the request of the Board, the author, who had already undertaken the work of editing the final report, reluctantly assumed this additional task. This history of the battle - if it may be called a history - does not purport to be the story of an eye-witness, but is based on the official reports made at the time, together with some other authentic accounts which have passed unchallenged during the many years that have elapsed....
