The Ancient Genesis: Scripture and Evolution

By Ami Rebecca Blackwelder, Becca Blackwelder

Createspace, United States, 2010. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****. The Ancient Genesis is a compilation of research spanning four years specifically aimed at studying the first two chapters of the book of Genesis in the Bible/Torah and modern Evolution theory. The research includes commentary from Rabbi Ezra, Rabbi Rambam, Rabbi Ramban (Nachimandies), Rabbi Rashi and Maimondies and many more. Also included is a study of the ancient Hebrew language, culture, and traditions. What is time? What is a day? What is creation? What is evolution? This research aids in bridging a gap between science and scripture that many feel has created a permanent chasm, leaving 75 of college students abandoning faith altogether. If you would like to explore these studies and educate yourself more in the evolution and creation debate, please have a look at this book by simply clicking the picture above and it will take you to the link needed to purchase your print copy. Notice: This book is not in support of mainstream modern interpretations of scripture nor the rejection of evolution. But it is intended to be a fair minded analysis of...

Reviews

Complete information! Its such a excellent study. It is filled with knowledge and wisdom I realized this publication from my dad and i advised this publication to find out.
