Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Challenge of the Country: A Study of Country Life Opportunity This study of country life opportunity and analysis of various phases of the rural problems in America has been written at the request of the International Committee of Young Men s Christian Associations, particularly for their County Work and Student departments. The former desired a handbook for the training of leaders in rural Christian work and the latter a textbook for the use of college students in Christian Associations wishing to study the fundamentals of rural social service and rural progress. It is the sincere hope of those who have asked for this book that it may bring to very many earnest young men and women, and especially in the colleges of the United States and Canada, a challenging vision of the need of trained leadership in every phase of rural life, as well as a real opportunity for life investment. Being the first book in the field which makes available the results of the Thirteenth U. S. Census, it is hoped that its fresh treatment of the latest aspects of the rural problems will commend itself to general readers who are interested in the Rural Life Movement and the welfare of the rural three-fifths of America.
