Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In this book, we deal with criminal drug laboratories being used to create weapons of mass destruction in the form of biological and bacterial weapons on behalf of terrorists. Have no doubt, such weapons will be used if a terrorist gets hold of them. They did so before in history, the Tokyo Sarin gas attack in 1994 comes to mind. A week after this book was published, the mainstream reports came out of just such laboratories being found in Africa and destroyed. I am not surprised, it happens often that what is revealed in GMJ Books are later confirmed by the media. The books are, after all, based on reality and facts that you are welcome to research. Code Name Celery 50 follows directly on Code Name Green 41 and together with that book is known to us as the Lucy Books. In Code Name Green 41, we first met Lucy the Lunatic, Angelique s troubled counter-terrorism agent that was captured by the enemy. Ours is a harsh world, if captured, you will be made to regret that you were born, especially if female and attractive. Every kind of sexual and physical abuse will take place and did take place, she was abused most horribly before she escaped (a story in itself but not revealed for security reasons). Lucy was then confined to a place of safety by the psychologists only to be rescued again by Angelique and returned to duty too soon but for her own sanity. Lucy, I can tell you, was not doing well in the asylum and has an intense dislike in everything psychiatry since then. Sometimes, not often, the captured agent gets a chance to take revenge...
