This book is really gripping and fascinating. Of course, it is actually play, nonetheless an interesting and amazing literature. You will not feel monotony at anytime of the time (that's what catalogs are for about if you request me).

Brand New Book ***** Print on Demand *****.In the introductory Chapter the reader will find the aim and object of these studies set forth at length. In view of the importance and complexity of the problems involved it seemed better to incorporate such a statement in the book itself, rather than relegate it to a Preface which all might not trouble to read. Yet I feel that such a general statement does not adequately express my full debt of obligation. Among the many whose labour has been laid under contribution in the following pages there are certain scholars whose published work, or personal advice, has been specially illuminating, and to whom specific acknowledgment is therefore due. Like many others I owe to Sir J. G. Frazer the initial inspiration which set me, as I may truly say, on the road to the Grail Castle. Without the guidance of *The Golden Bough* I should probably, as the late M. Gaston Paris happily expressed it, still be wandering in the forest of Broceliande! During the Bayreuth Festival of 1911 I had frequent opportunities of meeting, and discussion with, Professor von Schroeder. I owe to him not only the introduction to his own work, which I found most helpful, but references which have been of the greatest assistance; e.g. my knowledge of Cumont's *Les Religions Orientales*, and Scheftelowitz's valuable study on Fish Symbolism, both of which have furnished important links in the chain of evidence, is due to Professor von Schroeder.
