

Careers in the United States Air Force (Paperback)

By Institute for Career Research

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.CHOOSING A CAREER IS TOO IMPORTANT to put off until the last minute. Even while you are still in high school, you should be thinking seriously about what you want to do with the rest of your life. Your school years will prepare you for a productive career. You owe it to yourself to give this process the serious thought it deserves. A career is about more than dollars and cents. There is a big picture to keep in mind when homing in on what you would like to do when you get out of school. Everybody wants to do something they enjoy. Most people also want to do something that they find meaningful. Most people want to become part of something larger than themselves, too. A career in the United States Air Force can provide you with all of these things. You do not have to be a pilot, either. In fact, relatively few Air Force personnel fly planes. Like all branches of the US military, the Air Force offers hundreds of individual career paths ranging from intelligence analysts and air-traffic controllers...
