Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

Gentlemen of the McKinley Association of Connecticut: Before entering upon the particular subject of my address I desire to express ray deep gratification at the high honor conferred upon me by your invitation to this banquet, and ray appreciation of the very flattering compliment implied in your selection of me as one of the speakers of this evening; nor can I refrain from congratulating this Association upon its organization, its distinguished membership, and this magnificent assemblage in celebration of its nativity. It is particularly fitting that this gathering should be held in the city of New Haven, at once the seat of a famous university of learning and a representative of the culture and refinement of all that is best and highest in American life, American ideals, and American citizenship. The Republican party has always stood for education, for freedom, for morality, and for national prosperity. By your formation of this club you have shown that Republicanism in Connecticut is a harmonious, united, aggressive, and enthusiastic force, and that you are proud of your past history and confident of a glorious future.
