Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

We not only see the public record, but the private commentary also; and these, taken in connection with the contemporaneous histories, all of which, however defective in philosophical analysis, are invaluable depositories of facts related by living witnesses, will serve to transmit to posterity the details for a narration in as complete a form as will in all probability ever be attained by the imperfect faculties of man. Admitting these observations to be true, there is, nevertheless, a distinction to be drawn between the materials for a history of action and those for one of feeling; between the labors...
