

The Fundamental Data of Modern Pathology: History, Criticisms, Comparisons, Applications (Classic Reprint)

Filesize: 7.73 MB

Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.
(Otilia Schinner)

THE FUNDAMENTAL DATA OF MODERN PATHOLOGY: HISTORY, CRITICISMS, COMPARISONS, APPLICATIONS (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Fundamental Data of Modern Pathology: History, Criticisms, Comparisons, Applications This work was awarded the prize at the Fondazione Cagnola Competition, held in 1897, on the following theme proposed by the Royal Lombard Institute: What influence has the doctrine of proliferation of the cells beyond the normal exercised on the pathology of man? What has that of the pathogenic microbes? Contrast the two doctrines with others older. The advantages of both in the treatment of human infirmities. Inasmuch as the manuscript was presented anonymously to the competition signed only with the above motto, Professor Monti, in order to maintain his incognito in the bibliographical references as well as in the text, was obliged to quote his own previous writings in the third person. In the following year (1898) the work was published at Turin, the author having made some additions to the manuscript so as to bring it up to date. For this translation Professor Monti has been good enough to write, at my suggestion, several supplementary pages on the origin of tumours, and on the recent very important and interesting discoveries in relation to malaria, which I have embodied in the respective articles. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
