Chess for Novices - Vol. 1

By Sabrina Chevannes

Chess Base Jul 2012, 2012. CD-ROM. Condition: Neu. Neuware - This DVD is for anyone who knows the rules of chess but would like to be able to improve their game with some specific tactics and strategies. It builds on the basic principles of chess that should have already been learnt. However, there is also an introductory chapter for those that may have gaps in this part of their foundation. The main part of the DVD is split into four chapters: Opening - The general principles of the opening are discussed here. No specific opening repertoire is suggested but a guide of how to tackle any opening and come through the first stage of the game in a better position. Middlegame - Some basic tactical devices are introduced such as the pin, fork, skewer and discovered attack. These devices are used throughout the levels of chess and even top grandmaster games are won from a basic device as these. Ending - The basic checkmating technique of the most common endings that occur in novice games are instructed here. These techniques are essential to master before continuing with more complex checkmates. Test - The DVD finishes with a test chapter which consists of 20 exercises...

Reviews

Undoubtedly, this is the best work by any author. It is really simplified but shocks within the 50 % in the publication. Its been written in an extremely straightforward way and is particularly just following i finished reading this publication by which basically altered me, modify the way in my opinion.

-- **Vivianne Dietrich**

The ideal ebook i possibly go through. It generally does not cost an excessive amount of Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Vincenza Hand**
