Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I learnt the information in here through trial and error from my other businesses. It was from those experiences I decided to write a short book on the topic that covered it concisely. In my book I discuss the principles needed to create a laptop lifestyle, that is to say, how to create an automatic business that runs without you. Because you can use these principles as a benchmark to create a hands off business elsewhere. By making the business automatic you can then either enjoy the fruits of your labour, or focus your time and energy on creating more content to market the business with.
