Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Ballantine Books, United States, 2015. Hardback. Book Condition: New. 236 x 152 mm. Language: English . Brand New Book. Brad Thor meets Avatar in this timely thriller for the drone age as award-winning author Christopher Golden spins the troubles of today into the apocalypse of tomorrow. After political upheaval, economic collapse, and environmental disaster, the world has become a hotspot, boiling over into chaos of near apocalyptic proportions. In this perpetual state of emergency, all that separates order from anarchy is the military might of a United States determined to keep peace among nations waging a free-for-all battle for survival and supremacy. But a conflict unlike any before demands an equally unprecedented fighting force on its front lines. Enter the Remote Infantry Corps: robot soldiers deployed in war zones around the world, controlled by human operators thousands of miles from the action. PFC Danny Kelso is one of these Tin Men, stationed with his fellow platoon members at a subterranean base in Germany, steering their cybernetic avatars through combat in the civil-war-ravaged streets of Syria. Immune to injury and death, this brave new breed of American warrior has a battlefield edge that's all but unstoppable until a flesh-and-blood enemy targets the Tin Men's high-tech advantage in a dangerously game-changing counter strike. When anarchists unleash a massive electromagnetic pulse, short-circuiting the world's technology, Kelso and his comrades-in-arms find themselves trapped their minds tethered within their robot bodies and, for the first time, their lives at risk. Now, with rocket-wielding Bot Killers gunning for them, and desperate members of the unit threatening to go rogue, it's the worst possible time for the Tin Men to face their most crucial mission. But an economic summit is under terrorist attack, the U.S. president is running for his life, and the...
